The Harvey Neighborhood Network is excited to once again host the Safe Summer Community Cookout. Over 1000 people attended our inaugural event last year!

We would love for you to participate in our resource fair. Come and share important resources available to Harvey residents. We want residents to learn about safe summer activities available this summer, employment opportunities for youth and adults, resources for their health and financial mobility, and others.

Each vendor will have a 6-foot table and 2 chairs provided.

The Harvey Neighborhood Network works to lift up and expand community strengths and assets. We do this in 3 impact areas: violence prevention and intervention; economic mobility and workforce development; and holistic health and wellness. Our approach is community-driven, for the community and by the community. We aim to benefit your work and ours with this event.
